BEHIND THE SCENES - TRAINING

Handgun Survival Training

May 2018

GSG training instructors headed out to California Tactical Academy's gun range to practice handgun survival techniques and strategies this past May. GSG officers interested in developing their survival tactics were registered, as well as those recommended for advanced training by their supervisors.

GSG training instructors covered weapons best practices, along with how to handle with an active shooter while patrolling outside and inside a vehicle. Trainees engaged in tactical scenarios that were both emotionally and physically challenging.

For upcoming classes and registration, call: (855) 371-5300
